RECOMMENDED READING LIST

for the Level 3 Diploma in Professional Interior Design Skills

the INTERIOR DESIGNERS hub

At Level 3, it is expected that you do some reading around the subjects that are touched upon during the training videos.

You do not have to read the books in the list below, and you are free to pick and choose from them (and indeed add other books to your library too). However these are our recommended texts.

Please be aware that, in reading these texts, you must ensure that you are not plagiarising the works that you have read. If you quote, or paraphrase anything you have read, you must reference this, using the approved method.

We recommend using the Harvard Referencing System., and there is training inside the Study Skills section of your online classroom, on how to do this.

Texts can be purchased second hand if desired. We welcome suggestions to add to our list if you have discovered a book to be really useful in your research.

READING LIST

Baden-Powell, C. (2011). Architect's Pocket Book. 4th Edition. Oxford: Butterworth-Heinemann
